# Weather Risk Outlook

Regional Operations Center  
Western Region  
Tuesday, July 5

	Tue, Jul 5	Wed, Jul 6	Thu, Jul 7	Fri, Jul 8	Sat, Jul 9	Sun, Jul 10	Mon, Jul 11
<b>Fire Weather</b> Low RH / Wind / Dry T-Storms	Inland/ Southern	Inland/ Southern	Inland/ Southern	Inland/ Southern	Inland/ Southern	Inland/ Southern	Inland/ Southern
<b>Thunderstorms</b> Wind / Hail / Tornadoes							
<b>Heat</b>	Southern	Southern	Southern	Southern	Inland/ Southern	Southern	Inland/ Southern
<b>Cold</b>							
<b>River Flooding</b>							
<b>Wind</b>							
<b>Heavy Rain</b> Flash Flooding / Debris Flow							
<b>Snow</b>							
<b>Coastal Flooding</b>							
<b>Risk Levels</b>	Little to None	Minor	Moderate	Major	Extreme		

# Weather Key Points

Regional Operations Center

Western Region

Tuesday, July 5

- Near to even below normal temperatures will persist over much of the state into mid week, with mainly minor heat risk concerns across the southern California deserts
  - Much warmer temperatures are forecast to return to many areas late in the week and into the weekend
- Fire weather conditions will remain locally elevated most afternoons and evenings for mountain and foothill locations, the southern deserts, and the Sacramento Valley at times due to normal breezy conditions each day
  - At this time, widespread critical fire weather (Red Flag) conditions are not expected
- Showers linger into Tuesday for far northern California, otherwise, dry conditions are expected through the week

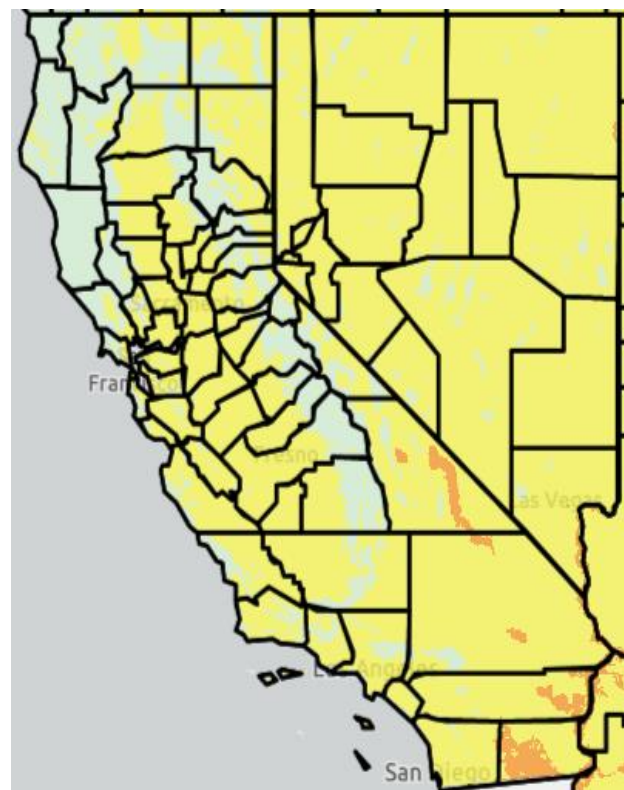

# Heat Risk

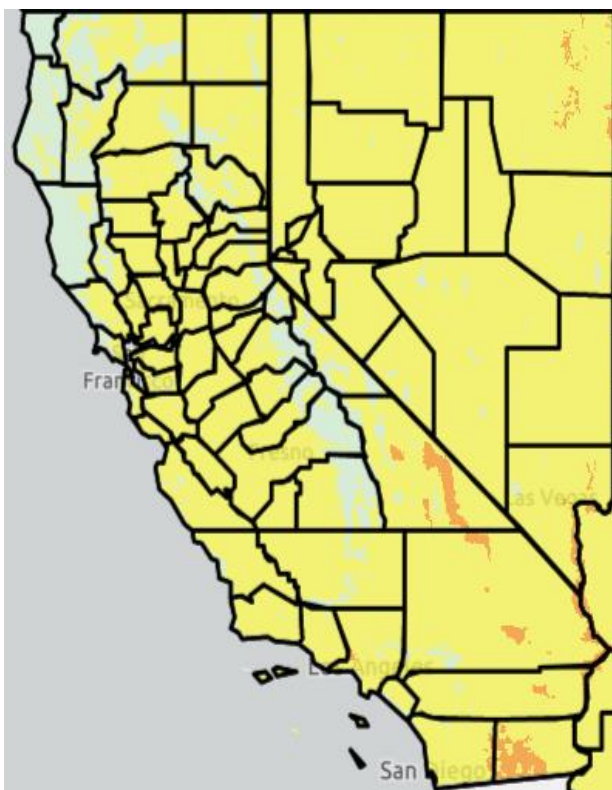

Regional Operations Center

Western Region

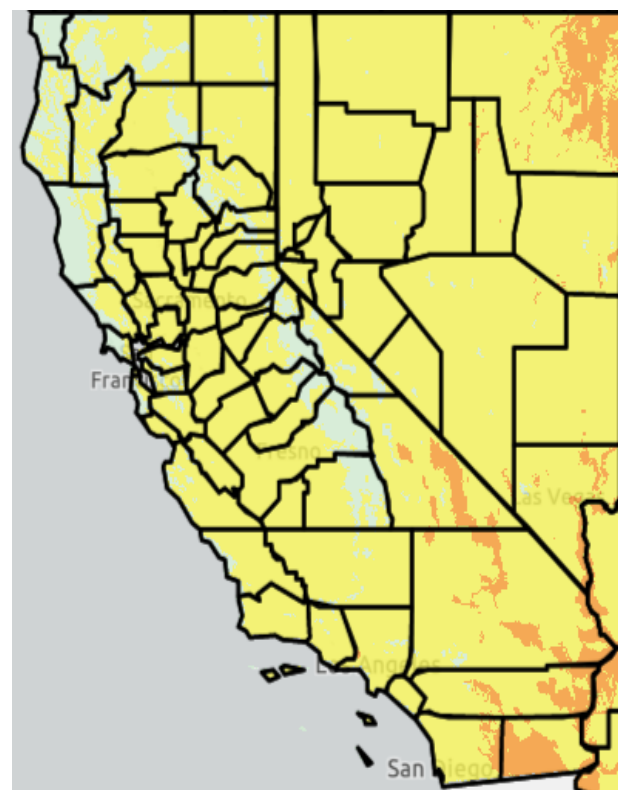

Tuesday, July 5

**Tuesday**

**Wednesday**

**Thursday**

Green	Level 0	No Elevated Risk
Yellow	Level 1	Low Risk for those extremely sensitive to heat, especially those without effective cooling and/or adequate hydration
Orange	Level 2	Moderate Risk for those who are sensitive to heat, especially those without effective cooling and/or adequate hydration

Red	Level 3	High Risk for much of the population, especially those who are heat sensitive and those without effective cooling and/or adequate hydration
Magenta	Level 4	Very High Risk for the entire population due to long duration heat, with little to no relief overnight

# Weather Outlook (6-14 Days)

Regional Operations Center

Western Region

Tuesday, July 5

## 6-10 Day Outlook (July 10 - July 14)

### **Temperatures**

- Above normal temperatures favored across much of California, with near normal temperatures favored along the southern coast

### **Precipitation**

- Near normal precipitation is favored statewide

## 8-14 Day Outlook (July 12 – July 18)

### **Temperatures**

- Above normal temperatures favored across much of California, with near normal temperatures favored along the southern coast

### **Precipitation**

- Near normal precipitation is favored statewide

Small Craft Advisory

## SITUATION SUMMARY

### Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

#### 2022 May Monkeypox Virus

The California Department of Public Health (CDPH) Medical and Health Coordination Center (MHCC) is activated at Level 3 (low) in response to the 2022 May Monkeypox Virus Event.

- Hours of Operation: Monday to Friday from 0800 hours to 1700 hours

#### Cal OES INLAND REGION

- Nothing significant to report.

#### Cal OES COASTAL REGION

- Nothing significant to report.

#### Cal OES SOUTHERN REGION

- Nothing significant to report.

# **COVID-19 SUMMARY**

## **Coronavirus Disease 2019 (COVID-19)**

On 03/02/20 at 0700 hours, the Cal OES State Operations Center (SOC) activated in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

## **SMARTER Plan**

On 02/17/22, Governor Newsom unveiled the "[California SMARTER Plan: The Next Phase of California's COVID-19 Response](#)". The plan emphasizes continued readiness, awareness and flexibility and helps ensure California can maintain its focus on communities that continue to be disproportionately impacted and stay prepared to swiftly and effectively respond to emerging COVID-19 variants and changing conditions.

## **CDPH Statewide Travel Advisory**

- For more information: [CDC Travel Guidelines](#)

## **Confirmed California COVID-19 Cases - Per California Department of Public Health Tracking COVID-19 as of 06/29/22 at 1630 hours:**

- 9,378,193 total confirmed cases.
  - 113,225 Delta
- 91,516 total deaths.
  - 202 Delta
- Please see the most recent "Situation Report - COVID-19" attachment for additional details.

# FIRE ACTIVITY

## Cal OES INLAND REGION

### Rices, Vegetation Fire, Nevada/Yuba Counties - Update

Location: Rices Crossing Rd. x Cranston Rd., 4 miles south of Dobbins

Jurisdiction: State DPA, SRA, Nevada-Yuba-Placer Unit

Start Date/Time: 06/28/22 at 1400 hours

Per Cal OES Duty Officers, Cal Fire and ICS-209 as of 07/05/22 at 1000 hours:

- 904 acres brush and oak woodland, 85% contained
- Incident has transitioned to a single 209 daily

### **Activations**

- Nevada County EOC activated at Level 3 (Lowest).
  - Moved to a minimal/virtual staffing pattern as needed through the holiday weekend.

### **Deployments**

- 2 Cal OES Public Safety Communications Technicians assigned

### **Missions**

- **2022-LAW-79653, 06/29/22, 0929 hours:** T-COMMs is coordinating with Sutter County SO for deployment of Comms ACU-M device and configure interoperability comms between NCSO & Yuba SO via CALAW4 Yuba (UHF) to NCSO Main. No Cal OES TACCOM equipment deployed. Coordination only. **Mission Ongoing.**

# **FIRE ACTIVITY**

## **Cal OES INLAND REGION (cont)**

### **Electra, Vegetation Fire, Amador County, Update**

Electra Rd x Hwy 49, 4 miles southeast of Jackson

State DPA, SRA/FRA, Amador-El Dorado Unit

Per Cal Fire, Cal OES FDC as of 07/05/22 at 1000 Hours

- 3,034 acres grass and brush, 0% contained
- Active overnight fire behavior
- Continued threat to structures
- Evacuations Orders and Warnings remain
- Threat to 230kV transmission lines and power infrastructure
- Damaged powerlines in the area
- Threat to Mokelumne River watershed
- 1 CAL FIRE AC assigned

### **Activations**

- Per Cal OES RDO Calaveras and Amador counties are activated at duty officer status

### **Deployments**

- Per Cal OES RDO 2 Region ESC

### **FMAG**

- Per Cal OES Fire AC FMAG placed on hold

### **Evacuations**

- Per Cal OES LDO Cal Fire has issued a mandatory evacuation order for 609 residents in the Butte Mountain Rd area
- Per Cal OES LDO Cal Fire has issued an evacuation warning for all residents in a two-mile radius centered around Lake [Tabeau](#).
- Per Cal OES RDO Evacuation orders North of Hwy 26 between Buckeye Ln and Lower Dorrar Rd and Ponderosa Rd to Lower Dorrar Rd.

### **Road Closures**

- Per Cal OES LDO Butte Mountain Road will be closed except for egress purposes
- Per CAL OES LDO Hwy 26 is closed from Buckeye Lane /in Happy Valley/ to 3.2 mi east of Rich Gulch /at Ridge Rd/ (Calaveras co)
- Per Cal OES RDO Highway 49

# **FIRE ACTIVITY**

## **Cal OES INLAND REGION (cont)**

### **Shelters**

- Per Cal OES RDO American Red Cross setting up a shelter at Italian Picnic Grounds, 581 Hwy 49, Sutter Creek 95685 (16 individuals)
- Per Cal OES RDO American Red Cross opening shelter at San Andreas Town Hall, 24 Church Hill Road, San Andreas, CA 95249 (6 individuals)

### **Animal Shelter**

- Per Cal OES RDO Animal evacuation teams in place in case they are needed
- Per Cal OES RDO Animals are being accepted at the Amador County Fairgrounds.

### **Critical Infrastructure**

- Per CUEA 15,000 customers impacted.
- Per CUEA 2 - 230kv and 1 - 60kv line de-energized in the vicinity of the fire.
- Per CUEA PSS engaged with the IC, 3 Safety Infrastructure protection teams and first responder trouble men
- Per CUEA and PGE we are performing loading studies to determine how many we can re-energize and partnering with CalFire to determine if and when it will be safe to execute this contingency.
- Per CUEA and PGE we have access to Electra Rd this am to begin assessment of the 12kv and 60kv damage.
- Per CUEA and PGE we know we have damaged poles that will require replacing. Not clear on the extent of condition.
- Per CUEA and PGE we've requested permission to air patrol the 230kv lines. We need approval from the CalFire IC and Air Ops for access to the TFR (temporary flight restricted air space)
- Per CUEA and PGE we are working with PG&E Power Generation and Transmission and Distribution control centers to identify opportunities to restore customers. We believe we will be able to pick up approximately 4,800 customers by noon. We may be able to include an additional 5,800, we are evaluating loading studies to determine viability.
- Per CUEA and PGE If we can't pick up the 5,800 with the effort above, we have a Temp Gen solution as a contingency which would extend the estimated restoration time likely to tomorrow. We are partnering with CalFire to determine if this can be done safely.
- Per CUEA and PGE In addition we are looking to pick up an additional 1,300 impacted customers on another source via switching later today. Final ETOR for this action has not been determined.
- Per CUEA and PGE If we can execute the actions mentioned above we may be able to reduce the customer impact to around 1,500 customers. This is all determinant on loading conditions, fire activity and support from CalFire.

## **Cal OES COASTAL REGION**

- Nothing significant to report

## **Cal OES SOUTHERN REGION**

- Nothing significant to report

# Cal OES LAW ENFORCEMENT MISSIONS

## Cal OES Law Enforcement Missions

**2022-LAW-79895, 7/3/22 @ 2316 hours:** US Coast Guard via AFRCC reported a Digital Select Calling (DSC) alert at 38.9483 by -121.20661, which plots to an open field in Lincoln Ca. A DSC is a one way distress beacon similar to a Personal Locator Beacon. DCSs are generally used on boats and are monitored by the Coast Guard. This DSC is unregistered. The device activation has an accuracy of 4.6 miles, meaning that the device would be somewhere within 4.6 miles of the given coordinates. No response initiated pending more precise location information. Coast Guard will continue to monitor. **Mission Closed**

**2022-LAW-79869, 7/3/22 @ 2118 hours:** Sacramento County SO contacted the K9 AC and requested a water dog, specifically from WOOF, for a search of the river near Brannon State park for 3 possible drowned subjects. WOOF accepted the mission. Update: Sacramento also requesting assistance from a Solano County SAR boat. Solano has accepted mission. **Mission On-Going**

**2022-LAW-79841, 7/2/22 @ 0914 hours:** Solano County Sheriff requested assistance from Yolo County in searching a submerged vehicle. The vehicle had crashed into Putah Creek. One subject made it out but there were reports of an additional subject that was trapped in the vehicle. Putah Creek is the border between Solano County and Yuba County in this area. Yolo accepted the mission. In addition, Solano requested a water HRD team, WOOF accepted that mission. Update: Searches of the area were unsuccessful. Solano will continue limited searches pending another request for mutual aid resources for larger scale searches planed for the weekend of July 9/10. Solano requested this mission be suspended pending an additional request. **Update: 7/4/2022:** Solano requesting 2 trailing and 2 area dog teams to search the creek bank near the crash site in case the second victim was able to exit the vehicle and make it to the bank. CARDA accepted the mission and will deploy on 7/5 @ 0700 hours. **Mission On Going**

# Cal OES MISSION TASKINGS

## Cal OES Missions

- **2022-CalOES-78230 (New Mexico EMAC):** 1 iSat phone for EMAC deployment to New Mexico.
- **2021-TACCOM-061621 (OCFA Testing):** Sonim Kit HQ3 assigned to OCFA, to test Android phones with ATAK for fire season. ETA Return is 06/21/22. COMC monitoring. Contacted Assignee will advise on exact date of return for the resource.
